Re: Lorenz Taeschner

To whom it may concern,

I am writing this letter to recommend Lorenz Taeschner to you. Lorenz was an intern with P2C (Power to Change) Films near Vancouver, BC, Canada from May through August 2017. His performance was exemplary.

Personally, he is easy to work with, trustworthy, has a great attitude, and is passionate about film, camera operation and cinematography. Technically, he was able to handle the many tasks we had him participate in, and he proved himself knowledgeable and skillful on a variety of cameras, including RED and Sony.

Lorenz worked on several projects during his time with us, but the highlight was having him travel with our crew to Portland, Oregon, USA, to assist with an episode of our award-winning film series called The Human Project. He was a great asset to our team, and we were sad to lose him when it was time for him to return home.

If Lorenz ever decided to come back to Canada, I would do whatever I could to hire him again. Frankly, he is one of the best people I have had the pleasure of working with. His commitment to excellence, willingness to learn, and joy in his craft helped him fit into an environment of demanding work.

I have stayed in contact with Lorenz and look forward to seeing where his career path takes him. He will achieve wonderful things, I am sure.

You are fortunate to have the opportunity to employ Lorenz. If I may be so bold, I encourage you, do not pass up the chance! He will be a wonderful asset to your organization. I know he will give his best, making the company a better place for his being there.

Feel free to contact me if you would like any further information.

Best regards,
